Missouri Valley College

Feedback Loop in Academic Program Assessment—
Cycle of Continuous Improvement

Identify student learning outcomes

Use results to decide action plan

Create course map

Gather evidence

Determine assessment methods

**Step in feedback loop**

**Academic Program Assessment and Planning Report**

**Corresponding report section(s)**

Identify student learning outcomes

I. Mission
   II. Goals
   III. Student learning outcomes

Create course map

IV. Course map

Determine assessment methods

V. Assessment tools

Gather evidence

VI. Summary of findings/
Level of achievement of student learning outcomes
IX. Faculty/Student/Program information

Use results to decide action plan

VII. Analysis/Interpretation
VIII. Action plan/Closing the loop
