Join Brighter Day Health’s Team of Patient Care Facilitators!

Brighter Day Health, a company that incorporates the latest technologies to deliver the highest quality health care via telemedicine, is seeking facilitators to be on-site in skilled nursing facilities!

Benefits
- **COMPETITIVE PAY**: Competitive hourly rates, including bonuses and incentives!
- **OPPORTUNITY**: Full and part-time positions available. Supplement your income!
- **RESPONSIBILITY**: Be the face of Brighter Day Health! Help us deliver top-quality care to residents who might otherwise be unable to obtain it.

General Responsibilities
- Travel to the facilities on your assigned days.
- Ensure the residents attend their appointments on a timely basis.
- Obtain and fax current copies of resident records or other information.
- At all times, conduct yourself in a polite, professional manner; stay focused at the task at hand; and safeguard all information protected under HIPAA.

We are looking for nursing students, psychology majors, or anyone with an interest in the care and treatment of residents of a nursing home in Brunswick, MO. In addition to accompanying residents to a telemedicine appointment, the candidate will also compile relevant information on the patient’s history and vital signs for the psychiatrist’s or psychologist’s review.

This is a great opportunity to enrich your educational experience with a hands-on position in the mental health field. The position is part time. Brighter Day Health will provide compensation to help cover the cost of driving to Brunswick.
