Where accounting professionals track monetary transactions, finance professionals determine the strategy or management of money and other resources. The finance program at Missouri Valley College will prepare you to succeed in a number of areas within the financial field including resource allocation, resource management, acquisition and investment. Every area of business uses the techniques and skills taught in courses on finance and entities like banks, insurance companies, brokerage houses, and governments are especially interested in individuals trained in finance.

Career Possibilities

- Financial Analysts
- Financial Consultants
- Insurance Sales Agents
- Insurance Underwriters
- Personal Financial Advisors

- Financial Planners

Graduate Program Possibilities

- Master of Business Administration
- Certified Public Accountant Certification
- Master of Finance
- Master of International Finance

Why a degree in Finance from Missouri Valley?

Our small class sizes give you the opportunity to make meaningful connections with professors and maximize your capacity for learning the ins and outs of finance. Professors work with you to ensure you understand the structure of financial markets, exchanges, Initial Public Offerings (IPO's) and regulations concerning financial market activities. In an increasing global society, we strive to expose you to international topics, we do this through our diverse faculty and interactions with international entrepreneurs.
