If you've always pictured yourself leading a team or organization, or owning your own business, our management degree program will help you develop the skills needed to manage a business enterprise in any industry. Management is more than just being the "boss," there are organizational theories, cultural concepts and decision-making models that help managers lead. Our program examines essential business components such as management, communications and operations and allows you to gain specific knowledge in a concentration area.

### Career Possibilities

- Business consultant
- Sales
- Research and development
- Not-for-profit fundraiser
- Teacher
- Recruiter
- Business reporter.

### Graduate Program Possibilities

- Master of Entrepreneurship
- Master of Venture Creation

## Why a degree in Management from Missouri Valley?

With a strong business core, the education you'll receive while earning a management degree from MVC is versatile and can prepare you for a wide variety of roles in the business world. Across all industries, transparency has never been more important to a successful business model; our program includes courses on business ethics, the manager/owner role, business policy and effective administrative communication.
