If you've always pictured yourself leading a team or organization, or owning your own business, our management degree program will help you develop the skills needed to manage a business enterprise in any industry. Management is more than just being the "boss," there are organizational theories, cultural concepts and decision-making models that help managers lead. Our program examines essential business components such as management, communications and operations and allows you to gain specific knowledge in a concentration area.

Career Possibilities

- Statistician
- **Sports** Psychologist
- **Sports** Agents
- Public Relations Manager
- Event Coordinator

Graduate Program Possibilities

- Master of Sports Management

Why a degree in Management from Missouri Valley?

With a strong business core, the education you'll receive while earning a management degree from MVC is versatile and can prepare you for a wide variety of roles in the business world. Across all industries, transparency has never been more important to a successful business model; our program includes courses on business ethics, the manager/owner role, business policy and effective administrative communication.
