## **MISSOURI VALLEY COLLEGE SCHOOL OF NURSING**

### **PRECEPTOR'S WELCOME**

The faculty and staff at Missouri Valley College School of Nursing thank you for your willingness to serve as a clinical preceptor for undergraduate students from our nursing program. We realize that as preceptors, you not only dedicate your time and energy, but you are also challenged with patience as you help students learn new skills that will help them navigate the path of becoming a registered nurse. Your leadership skills along with your expertise, self-confidence, and role modeling will help students gain knowledge and skills necessary to practice safely and competently as a professional nurse. The faculty appreciates these valuable learning experiences and look forward to working with you as we improve our program and work with other disciplines to meet the demands of an ever changing health care system.

Please read the handbook as it will help you understand your role as a preceptor. If you have questions, don't hesitate to contact the clinical coordinator or the program director. Emails and phone numbers can be found under faculty profiles in the handbook. Also, if you would like communication at specific times regarding the student's performance, please contact the clinical coordinator/instructor/professor with how and when you would like to be contacted. It is our desire to make this a positive experience for all parties.

Before the semester begins, a faculty member will contact you to discuss course requirements, and provide emails and phone numbers for faculty providing oversight for the student(s). Other documents discussed and/or provided include but are not limited to a copy of the syllabus, a student schedule, preceptor agreement form for your signature and our files, and a clinical/preceptor form. In the appendix of the handbook, you will find copies of necessary documents.

Once again, thank you for agreeing to share your skill and expertise with our undergraduate students. The faculty and administration from Missouri Valley College and the School of Nursing recognize and appreciate your contributions to our College and to the profession of nursing.

Developed: 2012 Revised:12/14, 3/15, 7/15, 10/15, 12/15, 2/16, 3/16, 8/16, 8/17, 7/18, 8/19

## MISSOURI VALLEY COLLEGE SCHOOL OF NURSING

### THE MISSION and PHILOSOPHY of the MVC NURSING PROGRAM

**MISSION:** The mission is to advance the art and science of nursing through innovative teaching, research, and clinical practice. To educate and train diverse groups of nursing professionals to interact with interdisciplinary teams thus promoting optimal health outcomes in individuals, families, and global communities.

**PHILOSOPHY:** The foundation for professional nursing education is embedded in the natural sciences, social sciences, and humanities which enhances critical thinking and reasoning, while promoting high ethical standards in providing holistic care for individuals, families, global communities, and societies. The baccalaureate of science in nursing prepares a nurse generalist and lays the foundation for graduate education to promote personal, professional and intellectual growth. The graduate of the School of Nursing will be able to assimilate theory, concepts, research, and leadership to help reshape the future of nursing practice while meeting the demands of an ever changing healthcare environment.

**NURSING FACULTY BELIEFS:** Nursing is both an art and a science. The practice of nursing occurs in a dynamic and changing healthcare environment. Patient's individual needs are met by using the holistic approach and through the use of the nursing process. Practicing nurses must be caring and compassionate, have critical thinking skills, be competent, be self-directive, be ethical, practice within their scope, practice with cultural sensitivity, promote health and wellness across the lifespan, be a lifelong learner, and also be a patient advocate.

**FACULTY COMMITMENT:** The faculty is committed to academic and clinical excellence in preparing students to become professional nurses. Nursing educators are committed to a learner-centered process which uses knowledge gained from general education courses and knowledge and skills gained from nursing courses to prepare the nurse to practice safely and competently. Acquisition of knowledge and skills are achieved through various means such as the teaching-learning process, research, instructional design/methodologies, and internal and external resources. The faculty members are lifelong learners and instill this trait in their students. Lifelong learning increases knowledge, skills, professionalism, and is beneficial for

Developed: 2012 Revised:12/14, 3/15, 7/15, 10/15, 12/15, 2/16, 3/16, 8/16, 8/17, 7/18, 8/19

## **MISSOURI VALLEY COLLEGE SCHOOL OF NURSING**

medical communities in caring for diverse populations with complex needs in a variety of health care settings.

### **PROGRAM STUDENT LEARNING OUTCOMES (PSLOs)**

The Missouri Valley College School of Nursing faculty designed the curriculum to encompass principles from both science and liberal arts. Students gain knowledge and skills in courses such as leadership, mental health and community nursing, health-care delivery systems, healthcare technology, nursing research, and best practices to enter the healthcare arena as nurse generalists. The nurse is compassionate and demonstrates leadership skills, critical thinking skills, clinical reasoning, and utilization of best practices necessary to provide safe and quality care to diverse groups with chronic and acute needs in a variety of settings within a medical community.

#### **Upon graduation, students shall meet the following outcomes:**

1. Complete a solid base in liberal education which provides the cornerstone for the practice and education of nurses, with an emphasis on critical thinking, clinical reasoning, lifelong learning and healthy lifestyles.
2. Provide safe, competent care to diverse patients with complex needs including individuals, families, communities and populations.
3. Demonstrate leadership skills to promote/advance the nursing profession in theory, science, research, and practice.
4. Use current best practices/evidence to promote high-quality care and improve health outcomes.
5. Use information management and application of patient care technology in the management and delivery of quality, accessible, and cost effective health care.
6. Collaborate with other disciplines to develop/evaluate health care policies, including financial and regulatory, which directly and indirectly impact equity and diversity in health care and the profession of nursing.
7. Communicate effectively with healthcare professionals and other disciplines to promote the delivery of high quality care to achieve optimal patient health outcomes.

Developed: 2012 Revised:12/14, 3/15, 7/15, 10/15, 12/15, 2/16, 3/16, 8/16, 8/17, 7/18, 8/19

## **MISSOURI VALLEY COLLEGE SCHOOL OF NURSING**

8. Use appropriate resources for health promotion and disease prevention at the individual and population level as necessary to improve population health outcomes across the lifespan.

9. Demonstrate professionalism and role model the inherent values of accountability, social responsibility, autonomy, compassion, integrity, and cultural humility which are fundamental to the discipline of nursing.

\*Student Learning Outcomes were developed utilizing the Baccalaureate Essentials from the Commission on Collegiate Nursing Education (CCNE, 2008).

## MISSOURI VALLEY COLLEGE SCHOOL OF NURSING

### GENERAL INFORMATION: CLINICAL PRECEPTOR PROGRAM

**PURPOSE:** To assist the student in making a timely and smooth transition from the student role to the entry-level registered nurse role.

**IMPORTANCE:** Students need the opportunity to see expert nurses in action. A preceptor program provides the opportunity for these nurses to mentor/precept students that will become future health care leaders of tomorrow. Students must come prepared to take advantage of every learning experience. Mentors/preceptors can assist students to improve communication skills, find ways to handle role conflict, work as effective team members, become better clinicians by using best practices, use critical thinking skills to help in priority making, and also to improve time management and organizational skills. This experience allows students to see first-hand the need for peer networking and support of the nursing profession. It also builds professional and personal friendships that can last a lifetime.

**PRECEPTOR:** An experienced, competent, caring, non-faculty registered nurse (RN) who agrees to serve as a role model, leader, consultant, mentor, and teacher, helping students to bridge the gap between academia and what can be expected in the “real world” of taking care of patients.

**PRECEPTEE:** A pre-licensure student who will spend time with a preceptor (1:1) to increase learning opportunities through realistic nursing experiences in a designated clinical setting.

**AGENCY:** Clinical setting that is approved by the College and where the student will do the preceptorship.

**FACULTY ADVISOR:** Nursing instructor/professor who oversees the experience and works closely with the preceptor to assure the student’s success.

**PRECEPTOR CRITERIA:** The preceptor must have an active Missouri license as an RN, prepared at a minimum of an Associate level, a minimum of one year of clinical experience with satisfactory evaluations, desire and commitment to help the student grow as a professional nurse, and also be committed to excellence in nursing practice.

**FACULTY PRESENCE:** There will not be a faculty member at the site on a continual basis. The faculty member will make scheduled visits with the preceptor and the student to assure learning objectives are being met and that lines of communication are open and that all understand the importance of effective communication.

**STUDENTS AS ADULT LEARNERS:** Our students are adult learners (both traditional and nontraditional) that want to learn, be self-directed, use life experiences in the learning process, and are motivated to achieve personal and professional goals by returning to school. Faculty at this college realize that not all students are alike and learn the same way, thus we support the

Developed: 2012 Revised: 12/14, 3/15, 7/15, 10/15, 12/15, 2/16, 3/16, 8/16, 8/17, 7/18, 8/19

## MISSOURI VALLEY COLLEGE SCHOOL OF NURSING

diversity found in our student population while creating positive learning environments/experiences allowing students to reach their educational goals.

**COLLABORATION:** Faculty members work with the clinical agency staff to decide on the appropriate preceptors for each student. The course instructor/professor is responsible for developing the Clinical Practicum Learning Objectives. He or she will share these with the preceptor. However, nursing faculty are responsible for the final evaluation of the student.

**FEEDBACK IS IMPORTANT:** Constructive feedback helps students grow professionally. It is encouraged and needed for students to take advantage of new and challenging learning opportunities and to also enhance practice methods. Feedback should be specific and done in a positive and timely manner. Provide specific examples of what they have done well and not so well. For things not done so well, educate the student on how to use best practices to improve patient care. Create a learning environment that is conducive to positive learning that assures accountability and responsibility. Take every opportunity to promote professionalism within the clinical setting.

**PRECEPTOR EVALUATION OF THE STUDENT/EXPERIENCE:** The preceptor will be asked to evaluate the student's performance in the clinical setting and also how the experience went overall. A copy of the form(s) are found in the handbook.

**STUDENT EVALUATION OF EXPERIENCE/PRECEPTOR:** Before the clinical experience ends, the student will evaluate the experience and the preceptor. A copy of the form(s) are found in the handbook.

**PRECEPTOR EVALUATION OF THE STUDENT:** The preceptor will evaluate the student at the end of the practicum. A student will provide you with a stamped envelope to submit to the Missouri Valley School of Nursing.

**CLINICAL HOURS FORM:** The preceptor shall document and sign the form attesting to the number of clinical hours each student spends in the agency. A copy of the form(s) are found in the handbook.

# MISSOURI VALLEY COLLEGE SCHOOL OF NURSING

## ROLES AND RESPONSIBILITIES

### **NURSING STUDENT:**

#### **ORIENTATION:**

- Participate in the agency and unit orientation.
- Become familiar with the skills and orientation lists.
- Schedule hours early with preceptor to guarantee required hours will be met at the end of semester.
- Provide accurate information on past learning/working experiences.
- List 3 personal strengths and 3 personal weaknesses
- Provide the preceptor with the Nursing Student Learning Outcomes to help plan the clinical learning experience and in meeting the outcomes.

#### **PRACTICE:**

- Provide safe, competent, and ethical nursing care.
- Ask for assistance from preceptor/supervisor when needed/indicated to perform care safely.
- Documents patient information in an accurate and timely manner.
- Demonstrates use of best practices, priority setting, and organizational skills.
- Reports patient status or changing status to appropriate medical/nursing personnel.
- Assesses patient and modifies care according to nursing and legal standards.
- Effectively collaborates/communicates with all disciplines to assure positive patient outcomes.
- Portrays a professional image at all times including communication, attendance, dress code, and working with all disciplines.
- Accepts responsibility for own behavior and looks for opportunities to learn and improve nursing practice.

#### **COMMUNICATION:**

- Communicates early with preceptor/clinical instructor/professor any needed schedule changes, tardiness, or sickness.
- Post response in the course platform at least weekly on how objectives are being met.

Developed: 2012 Revised:12/14, 3/15, 7/15, 10/15, 12/15, 2/16, 3/16, 8/16, 8/17, 7/18, 8/19

## **MISSOURI VALLEY COLLEGE SCHOOL OF NURSING**

- Keep clinical log hours current and assure the preceptor has signed them.
- Communicate schedule changes with instructor and preceptor before making changes in previously approved schedule.

### **EVALUATION OF CLINICAL EXPERIENCE:**

- Provide frequent and objective feedback to preceptor regarding learning experience.
- Complete the preceptor and program evaluation in a timely manner and submit as directed in the Syllabus.

## **ROLES AND RESPONSIBILITIES**

### **CLINICAL INSTRUCTOR/PROFESSOR:**

#### **ORIENTATION:**

- Assigns preceptor and organizes meeting with preceptor and nursing student.
- Assures that agency, preceptor and department supervisors are ready for the student to begin learning experience(s).
- Provides preceptor with all necessary material/information for the student's learning experiences.
- Assures questions have been answered to the preceptor's expectations.
- Assures that the clinical agency will have appropriate supervision for the student should the preceptor be absent.

#### **SUPERVISION AND EDUCATION:**

- Assumes overall responsibility for educating and evaluation of the student.
- Assures students are compliant with immunizations.
- Assures students are compliant with CPR certification and professional liability insurance coverage.
- Serves as a liaison to the preceptor in evaluating the student's performance of clinical skills and in taking advantage of learning/educational opportunities.

#### **COMMUNICATION:**

- Collaborates/communicates with nursing student and preceptor and/or designee to make sure all understand the performance expectations, personal goals/objectives, and student learning outcomes.
- Provides guidance to assure the student's learning needs are being met.
- Serves as a resource to the nursing student and preceptor.

Developed: 2012 Revised:12/14, 3/15, 7/15, 10/15, 12/15, 2/16, 3/16, 8/16, 8/17, 7/18, 8/19

## MISSOURI VALLEY COLLEGE SCHOOL OF NURSING

- Completes the student's evaluation with input from student and preceptor and uses this to determine final grade in the course.

### **EVALUATION OF CLINICAL EXPERIENCE:**

- Meet with or provide frequent feedback regarding the student's performance in the clinical agency/setting.
- Meet with the preceptor and student at the clinical site a minimum of three times during the clinical rotation.

## **ROLES AND RESPONSIBILITIES**

### **PRECEPTOR:**

- Completes and submits the Preceptor Profile regarding qualifications needed to be a preceptor. Must be on file in Nursing Office before students can begin practicum.
- Assists the student/clinical instructor/professor in identifying patients and making assignments that will help meet the personal goals/objectives and learning objects of the practicum/course.
- Assures that all department staff are aware of student's presence and what the preceptor's role and responsibilities are.
- Assist students with receiving adequate hours per week to meet objectives of practicum.
- Assists the student to identify his/her weakness and provides opportunities for professional growth and development such as professionalism, critical thinking, and learning new skills for implementing and evaluating plans of care.
- Seeks guidance from the instructor/professor and/or nurse manager if have concerns with student's competencies/professionalism to allow for early intervention(s).
- Communicates regularly with the nursing student and the instructor/professor on the student's progress in meeting objectives in the clinical setting.
- Provides input to instructor/professor through meetings/student evaluation to determine if the student abilities/skills did or did not meet the clinical practicum learning objectives.
- Preceptors shall not supervise more than two students on any given shift. Preceptor supervision denotes that the preceptor is present and available to the students in the clinical/rotation setting.

### **HEALTH CARE AGENCY:**

- Retains ultimate responsibility for all patient care and needs.
- Retains responsibility for the preceptor's salary, benefits, and liability.

Developed: 2012 Revised:12/14, 3/15, 7/15, 10/15, 12/15, 2/16, 3/16, 8/16, 8/17, 7/18, 8/19

## **MISSOURI VALLEY COLLEGE SCHOOL OF NURSING**

### **CLINICAL PRACTICUM LEARNING OBJECTIVES**

- 1) Use summative knowledge, acquired technical skills, pharmacological principles, advanced critical thinking skills and current literature/research findings in the nursing process when providing safe care for multiple clients with complex healthcare problems (PSLO #2, 3 & 5; QSEN #1 & 6).
- 2) Assess cultural background, developmental level, and religious/spiritual practices when planning nursing care for diverse clients with complex health care needs (PSLO #6, 9; QSEN #1).
- 3) Implement therapeutic and professional communication skills to collaborate with patients, families, and other health care disciplines (PSLO # 6 & 7; QSEN #2).
- 4) Design individualized evidence-based teaching plans for clients with complex health care needs (PSLO #8; QSEN #1).
- 5) Maximize collaboration with peers, preceptor, and other health care disciplines in managing the care of diverse patients with complex needs (PSLO #6 & 8; QSEN #2).
- 6) Analyze accountability, responsibility, and adherence to legal/ethical guidelines, professional standards when providing quality, safe, and cost-effective care for diverse populations in multiple and complex settings (PSLO #2, 3, & 9) (QSEN #5)
- 7) Maximize opportunities to act as a patient advocate (PSLO #9).

## MISSOURI VALLEY COLLEGE SCHOOL OF NURSING

### PROFESSIONAL DRESS CODE/ATTIRE CLINICAL SETTING

**POLICY:** Students must meet standards of professional dress/attire while representing MVC Nursing Program in participating/attending clinical experiences.

**PROCEDURE: (Failure to comply with the policy will result in the student being sent home)**

1. **Uniforms:** Uniforms scrubs must be clean, ironed, and worn at the waist level. The length must not touch the floor or ground. The top must cover the student's hips. Neutral or white undergarments are to be worn under uniform scrubs. Colors and designs are not to show through uniform scrubs. Solid white or black knit tops can be worn under the uniform.
2. **Identification:** MVC nursing students must include the school photo ID badge and/or badges from other agencies on the school uniform.
3. **Shoes/Hosiery:** Hose may be white or neutral in color. White socks may also be worn with the uniform/scrubs. Shoes must be enclosed at both the heel and the toe. Students may select either nursing or athletic shoes, but shoes must be solid white or black (logo - if present - must be the same color as shoes). Shoelaces must be clean, tied and the same color as the shoes.
4. **Lab Jackets/Coats:** When indicated, an approved lab jacket (purple) may be worn. No other type of sweater or jacket is permitted over the uniform.
5. **Nails:** Nails must be clean and trimmed to a length no longer than the tip of your finger. Clear nail polish may be acceptable in certain areas, please check on hospital policy first. No acrylic/artificial nails are to be worn in the hospital setting as they can harbor germs that can cause infections and place patients at risk.
6. **Hair:** Hair is to be off the shoulders, clean, and styled for the work setting. Mustaches, sideburns, and/or beards must be neatly trimmed and clean.
7. **Jewelry:** No hoop-or dangling earrings are allowed. One small stud or post earring per ear is allowed. No visible body piercing, including tongue rings are allowed. Necklaces, bracelets, pendants, or large watches are not allowed. Med alert bracelets are allowed.
8. **Body Art:** Body art or tattoos must be covered by professional clothing. A professional white T-Shirt maybe worn to cover tattoos extending down the arms/or to the wrists.
9. **Make-Up/Perfume:** Makeup must be professional and kept to a minimum. No perfume, cologne, or aftershave is to be worn in the patient care areas and worn in moderation in non-patient care areas.
10. **Miscellaneous:** Students are to be bathed and smell clean, including tobacco smoke. Fragrance-free deodorant is to be worn at all times unless have note from provider that unable to do so due to health reasons. Teeth are to be clean and breath free from odor including tobacco products. Contact lenses should be a natural eye color.

Developed: 2012 Revised:12/14, 3/15, 7/15, 10/15, 12/15, 2/16, 3/16, 8/16, 8/17, 7/18, 8/19

## MISSOURI VALLEY COLLEGE SCHOOL OF NURSING

### PROFESSIONAL CONDUCT CLINICAL SETTING

**POLICY:** The student's conduct in the clinical setting shall promote professionalism. The student will represent the College and the Nursing Program in a positive manner at all times.

**PROCEDURE:** Nursing students will display professional behavior at all times in the academic and clinical setting.

**The student is expected to:**

1. Adhere to all policies of the clinical agency, including drug screening and criminal background checks.
2. Adhere to HIPAA guidelines including electronic, written or verbal communication.
3. Adhere to OSHA and Universal Precaution/Blood Borne Pathogen guidelines at all times.
4. Comply with regulations/policies of the agency, including parking/nursing procedures
5. Arrive to the unit on time.
6. Keep instructor/professor notified of patient's status at all times, especially if it changes
7. Provide a patient status report before leaving the assigned unit.
8. Use your appropriate name and title while in the clinical facility.
9. Adhere to the MVC Nursing Program policy on uniform/attire guidelines.
10. Turn off cell phones/pagers during clinical rotation.
11. Stay on the assigned unit unless granted permission to leave by the instructor/professor.
12. Socialize only at lunch/break time and only in designated areas.
13. Avoid physical contact with a peer.
14. Address all patients, staff, and peers using appropriate name and title.
15. Be free of alcohol and drugs.
16. Avoid using offensive language, conduct, and expressions at any time in the clinical setting.
17. Leave the clinical unit after the rotation has ended.
18. Destroy all written material before leaving unit, unless it is needed for assignments, if so only use the patient's initials and let the instructor know you have this material.
19. Demonstrate patient advocacy at all times.
20. Seek guidance and use feedback to promote professional/personal growth.
21. Attend and participate in all clinical practice debriefings unless excused by the instructor.

**VIOLATION OF POLICY AND PROCEDURE:** Violation of this policy/procedure may/will result in disciplinary action(s) including but not limited to a verbal warning, written warning, reporting to the Compliance Officer, being sent home and/or failure for the day. Clinical make-up day/assignments will be required. See Policy on Tardiness/Absences. Also review student's right to Grievance and Due Process.

Developed: 2012 Revised:12/14, 3/15, 7/15, 10/15, 12/15, 2/16, 3/16, 8/16, 8/17, 7/18, 8/19

**BSN PROGRAM  
PRECEPTOR PRACTICUM EXPERIENCE**

**Instructions: Mark the selected response using the following scale. Upon completion of the evaluation, please send by email to the [eddyt@moval.edu](mailto:eddyt@moval.edu) . If you have concerns or need assistance also email or call Tonya Eddy, Clinical Coordinator.**

**Key: 1: Strongly Agree, 2: Agree, 3: Neutral, 4: Disagree, and 5: Strongly Disagree**

	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
The preceptor handbook helped me to understand my roles and responsibilities as a preceptor					
The practicum objectives are realistic and can be obtained in the clinical setting					
Communicating with the instructor/professor regarding course objectives helped me to understand the expectations/performance of the student					
Communicating with the student helped me select patients, etc that will meet his/her learning needs					
Regular communication with the faculty liaison helped me identify learning opportunities for the student in order to progress in meeting personal goals/objectives as well as practicum objectives					
The MVC nursing faculty were available and helped me to fulfill my obligations of the preceptor role					
The time commitment was reasonable					
The student came to the clinical setting prepared and excited to learn new skills					
The experience with the student was a positive one					
I am willing to serve in the preceptor role for future students					

**Please contact Tonya Eddy if you wish to provide more feedback or have questions or concerns about serving again in the preceptor role. Thank you for taking the time and energy in helping our nursing students learn. It is greatly appreciated.**
