

Earn a BS in **Psychology**
ONLINE!

Psychology at MVC

The online track at Missouri Valley College for the Bachelor of Science degree in Psychology is a flexible degree program that will prepare you for a variety of career opportunities in a number of fields, for instance, behavioral health, human resources, government work, or research.

Degree in Psychology

The Psychology degree program at MVC will immerse you in a scientifically-oriented approach to the study of behavior and mental processes. Three unique areas of study are offered, including counseling, research, or developmental psychology. Each course of study will help you become well-equipped in critical thinking and interpersonal skills, while developing an understanding of the complexities and influences of human behavior.
